

The Mountain Advocate.

NEW SERIES: VOLUME 10; No. 13

BARBOURVILLE, KY., FRIDAY, JANUARY 30, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

27 TOWNS MAY GET ROAD PREFERENCE

FRANKFORT, KY., Jan. 24.—Twenty-seven Kentucky cities and towns are designated as commercial centers in committee amendments to the House highway bill, introduced at the instance of the administration Roads radiating from these points would receive first consideration in constructing the highway system.

The centers are: Louisville, Hopkinsville, Lexington, London, Madisonville, Maysville, Morehead, Owensboro, Pikeville, Pineville, Ashland, Hardtown, Beattyville, Cuyington, Clinton, Cynthiana, Danville, Frankfort, Glasgow, Hazard, Paducah, Richmond, Russellville, Somerset, Vanceburg, West Liberty and Williamson.

The bill was sponsored in the House by Representative E. H. Smith, of Albany, and in the Senate by Senator White L. Moss, of Pineville.—Louisville Herald.

WOMAN'S STUDY CLUB

The Woman's Study Club met with Mrs. C. F. Heidrick Tuesday afternoon, January 20. Fifteen members answered roll call by offering suggestions, "what we can do to improve our city." Mrs. Walter Nickerson, of Knoxville, Tenn., and Mrs. Robert Caudill, of Oklahoma, were guests of the Club.

The treasurer reported that \$25 of Christmas Seals were bought by the Club and check for same sent to Dr. J. S. Lock at Louisville. Ten books were pledged to the Greenleaf Home for boys at Greenfield, Ky. a State Institution managed by Mrs. Charles Weaver of Louisville and of which Mrs. Weaver has recently been named matron by Governor Morrow. The Club voted unanimously to invite the 11th District of Federated Women's Clubs to meet in this city the last of April. The secretary was instructed to communicate with the secretary of the Civic League inviting their co-operation. The program as announced in last week's paper was splendidly given.

Mrs. James Golden Secretary.

HIGH SCHOOL SEWING CLUB

The High School Sewing Club met at the home of Mrs. E. V. Hargo Tuesday, Jan. 21st. An enjoyable time was spent. Those present were Mrs. Lulu H. Smith, Miss Myra Amis, Miss Gladys Johnson, Miss Zella Pelly, Miss Bertha Klag, Miss Jones, Miss Johns, Miss Trabue, Miss Clara Campbell, Miss Ethel Campbell.

The club meets next week with Miss Myra Amis.

AT THE CHRISTIAN CHURCH

Sunday, February 1st.
Bible School at 9:45 a. m.
Every man of the Men's Bible Class is urged to be present. Some former members of the class who have been out of the city have promised to come.
The usual services at 10:50. Sermon Subject: "The Place of the Word," the third in a series on being conformed in the image of Christ. No announcement as yet concerning the evening service.
Thos. J. Helcher, Minister.

OIL NEWS

The well brought in on the last Myers place on Little Richland, three miles north of town is giving a daily production of six barrels of first class oil.

The National Oil and Gas Company, of Nashville, Tenn., has its drilling machine on the ground and will test out the Chadwell and Hammons place on Little Richland. This will be a deep well.

The Main Oil and Refining Company registered at the Court House Monday and will do deep drilling on Stinking Creek and Fighting Creek.

Charles Main and Thos. D. Thistle returned from Atlanta, Ga. Monday after putting thru a deal for oil acreage at the Junction of Clay and Knox Counties.

The three wells on the Hampton place, the leases of which are owned by John C. Main, gave him a pleasant shock this week. It was found the pumps were pumping out of the tube and on being lowered a few feet, the three wells gave a production of fifty barrels a day with every prospect of improving. These wells are one mile south of town in an entirely new field.

The Associated Producers had reached the Epperson sand on their Stinking Creek lease Friday, the same being 800 to 815 feet down. They got gas and a fine showing of oil, but this was cased off and the well is proceeding down toward the earth's center. If no accidents occur, this well may go as low as 3,500 feet to really test out the territory. The property is owned by E. J. Wyrick who has 1,500 acres under lease. A 12 inch hole was started.

Spring will see some big development work over most of Knox Co.

The Silver Star Oil Co., of Bartlesville, Okla., is said to have acquired some very promising leases out in the Bailey Switch section, A. B. Diney acting for them. This is exceedingly good territory in the opinion of good judges as there are already a number of shallow wells all thru the territory. The Silver star people are said to be getting ready to drill a 3,500 foot hole and we believe the chances of making a big strike are excellent. Should this territory prove up, it will further strengthen the belief that the Klug and Mackey Bend section will give fine wells. Leases are already being taken up there.

WHY NOT?

If we cannot have a business Men's League in Barbourville, the five wires can get together once a month at the Jones Hotel, eat the regular dinner and later talk over town improvement or what not. The Advocate is at your disposal for progress.

If you don't work for city and county betterment, no one else will. We can get Extension speakers to tell us what we most need. Let's get together and do something.

The Mountain Advocate, \$1.50 a yr.

REPUBLICAN MEETING TOMORROW

John Catron, County chairman of the Republican party of Knox Co. will go to Corbin Saturday to meet the District Committee which will set the time and place for holding a District Convention to select two delegates to represent the party at the Chicago Convention which will select a candidate for President. J. M. Tinsley will also attend.

At this meeting a District Chairman will be elected, the Hon. Chas. Finley being the only applicant. It is presumed he will be elected without opposition.

CANAL COAL DISPLAY

E. J. Wyrick has on display at the Jones Hotel a block of canal coal which measures 32X20 and weighs 400 pounds. This coal runs under 1,500 acres of his property on Stinking Creek and is taken out at 100 feet above the branch level. The property contains three other workable seams, running 42 inches, 30 inches and 72 inches. Canal coals is now used for the manufacture of coal tars from which dyes are made and valuable oils produced. Mr. Wyrick holds this property, which lies from four to six miles from the railroad, the route for which is good, at \$100 per acre. There has been much development of our coal in the last few years, but the opportunities are still wonderful.

REVIVAL MEETINGS AT THE BAPTIST CHURCH

A series of Revival Meetings conducted by W. L. Brock, evangelist, and James Elsie, singer, will begin at the Baptist Church Sunday, Feb. 8th. Brother Brock is so well known in Kentucky as a preacher of power that he needs no introduction. Brother Elsie has the reputation of being one of the very best leaders in congregational singing.

Come to the Church Sunday and Sunday night and get ready for the great work that is to be done.

Sunday School at 9:45 a. m.
Sermon at 11 a. m.
H. Y. P. U. at 6:15 p. m.
Sermon at 7 p. m.
Prayer meeting and Bible Study class Wednesday at 7 p. m.

MRS. MAUD MARCUM RECEIVES APPOINTMENT

The many friends of Mrs. Maud Tinsley Marcum will learn with pleasure that she has been appointed Assistant Librarian at Frankfort by a majority of nine, one being a Democrat.

Mrs. Marcum is president of the Women's Study Club and has made the study of literature one of her hobbies and is therefore eminently qualified for the position to which she is called.

The only fly in the ointment is that we are to lose Mrs. Marcum from Barbourville in the advancement of which she has taken the warmest interest.

CLARENCE DEWALLEN RESIGNS

Clarence D. Lewallen, who has been with the firm of A. W. Hopper for about three years, has resigned to accept a more lucrative position Kettle Island.

The patrons of the store as well as the proprietor, regret to see him leave, but you may bet he will make good, following the custom of all the young men who have trained under A. W. at the old original "Big Cheap Candy Store."

PRESBYTERIAN LADIES AID

The Presbyterian Ladies Aid met with Mrs. R. H. Minton on Friday afternoon, January 23rd, with a good attendance in spite of the very rainy day. Mrs. Burnside led the devotions after which several matters of business were attended to. Mrs. Ernest Cannon was elected as Treasurer to fill out the unexpired term. A Valentine Food Sale will be held Saturday, Feb. 14th, when all kinds of good eats will be on sale at reasonable prices—made by some of the best cooks in town.

A delightful social hour was passed and the hostess served a salad course.

The next meeting will be held with Mrs. Ed Garrard on Allison Avenue.

Mountain Advocate \$1.50 per year.

THAT CANNERY

The Editor of The Mountain Advocate has been working for a cannery for Harboursville and recently received an offer to put up a cannery if one hundred acres of tomatoes could be secured at \$15.00 per ton. A copy of the contract was forwarded for signature, but before committing our farmer friends to this price, we wrote to Congressman J. W. Robison and to the extension Department, Frankfort, to get the price paid by canneries.

As will be seen by the letters below, the Department of Agriculture reports prices ranging from \$25 to \$20.00 while the average for Kentucky last year was \$18.00.

The editor has written the canning concern to see if they will come up on their price before proceeding further. If they will the editor will personally stand the bill for printing contracts and what can be done. A cannery would open up a new source of revenue for Knox County.

My dear Editor:

I have just talked with the Department of Agriculture relative to a fair price for tomatoes. They state that \$15.00 per ton, in their opinion, is a very low price and that they think \$20.00 in \$25.00 would be a fair price the coming year. Also state that they weigh from 22 to 25 pounds a bushel, according to railroad estimates.

Now if there is any other information you wish or any bulletins you want from the Department of Agriculture let me know and I will take pleasure in sending it to you.

With best wishes, I remain
Your friend
J. M. Robison.

My dear Sir:

Your letter of the 17th, addressed to the President, has been referred to me for reply.

The price that is offered per ton for tomatoes is somewhat lower than the price paid by canneries during the past year. The average price during the past year was \$18 per ton, the lowest price being \$14 per ton. We do not know what price is contemplated for 1920. Contracts will soon be made, however, and I shall ask our horticulturalists to secure this information and forward it to you.

There have been very few country creameries established in Kentucky. A large part of the cream produced is going to the various centralized plants and there has been a considerable development of cream buying stations. It is possible that the number of cows in your section is too small for a creamery to operate profitably and that what you need is a good cream buying station. It is generally figured that the milk from 600 to 700 cows should be available in order that a creamery may operate efficiently and economically. A cheese factory may operate with a smaller number of cows. In the event that you are interested in this matter, I shall be glad to send our specialist in dairy manufactures to Barbourville to discuss the situation and give first hand information.

I also note that you are interested in fruit production. We will be very glad to send a man from the Agricultural College to talk on fruit and vegetable production and another man to talk upon sheep and other live stock. These services are free and may be had upon request.

Yours very truly,
Thomas Cooper, Dean and Director.

DEATON-SMITH POST 69 STARTS MEMBERSHIP DRIVE FEB. 1ST

The first general meeting of Deaton-Smith Post No. 69 will be held Saturday, Jan. 31, at 7 p. m. at the office of Dr. Leslie Logan, Post Commander. Each member is urged to be present and bring an applicant. Membership cards and the motto of the American Legion will be distributed on this occasion. Plans looking for the advancement of the organization will be made.

An opportunity is to be given the mothers, sisters, daughters and wives of veterans to associate themselves and it is hoped they will see that the boys line up with the Legion at once.

Get in step. Wear your button. The motto "For God and Country" means success in life and death and it means that Old Glory will continue to stand for Truth, Righteousness and Justice the world over.

Subscribe for the Advocate.

GEORGE (DAD) HAMMONS REPORTED WOUNDED

On Tuesday Levi Lee and Fletcher Dozier went after George (Dad) Hammons, who lives on Richland with his sister, Mrs. Hurst, on the charge of disturbing public worship and drawing a gun on Squire Martin when he attempted to arrest him. Hammons appears to have resisted arrest and shooting followed. Hammons escaping to the woods, with the deputies firing after him.

Later, following receipt of a telephone message, which spread the false report that Levi Lee had been killed, Sheriff Read P. Black, J. R. Jones, Bill Hinkle, Bill Johnson, Bert Catron and J. H. Jones went out to the scene but were unable to locate Hammons who had taken to the woods.

His sister, Mrs. Hurst, reported to the officers that Hammons had been shot in the arm.

BANQUET

Monday evening, January 26, the Freshman Class of Union College entertained at a banquet given in honor of the Senior Class. The parlor of Speed Hall was beautifully decorated in the Senior Class colors, rose and green.

Places were laid for the members of both classes and several visitors. In the early part of the evening the company played games. The prizes were won by Aubrey Guyn and David Stansbury. After dinner marshmallows were toasted over the candles on the tables.

Those present were Misses Nelle Jones, Anna Sloan, and Dows Sampson and Mr. Aubrey Guyn as guests of honor. The Freshmen are Misses Thelma Moorehead, Thelma Sloan, Reda Fish, Lillian Jackson, Marjorie Brown, Idamae Smith, Effreda Jasper, Della Carr, Marion Adams, Anna Lee, and Messrs. Harold Parker, Horace Barker, Allan Tuggle, Boone Smith, David Stansbury, Jack McClelland, Robert Bair, David Archibald and Harold Miller. Miss Weeks, guardian of the Freshman Class, acted as chaperone.

CLUB ANNOUNCEMENT

Miss Nola Minton will be hostess to the Woman's Study Club on Tuesday afternoon, February 3, at 2:30 o'clock.

Mrs. L. L. Richardson is chairman for the afternoon. The program as arranged by her is as follows:—

Roll call, responded to by describing one of the world's beautiful buildings and tell where it is located "Development of Early English Art" Mrs. J. D. Tuggle, "Improvement of Towns and Cities," Mrs. Marcum, "Last Decade of English Art," Mrs. Richardson.

The Club is expecting Mrs. J. E. Sampson, District Chairman, to be its guest on this occasion.

Mrs. J. A. McDermott, Chairman Press Committee.

OIL MEN ATTENTION

Oil and Gas Leases in any quantity desired at the Mountain Advocate Office.

OUR FLOODS

Speaking on the undesirable floods which visit Harboursville once or twice a year, flood our farms, drive people out of their homes and put a black eye on many lots which would otherwise be desirable for homes or possible factory sites, Mr. John A. Black affirms that by cutting a canal thru above the cemetery, at a cost of probably \$200,000 the floods could be averted. We are not sufficiently versed in engineering to know how this scheme would work, but it would prove an excellent thing if this detractor to the city could be done away with.

FILE HITS BARBOURVILLE

Dr. G. H. Albright asks the Advocate to announce that there are two cases of flu at the Harboursville Baptist Institute with a third possible case. He warns people who have colds or feel sick to stay home until it is determined whether they have flu. Avoid crowds, avoid people who have colds, sleep with open windows and call a doctor as soon as any suspicious symptoms arise.

UNION COLLEGE NOTES

Last Friday night Maryville College, Maryville, Tenn., played our boys on our floor and won by five points but the game was well fought and we feel very, very proud of the "Eagles."

Mr. Harper, the Y. M. C. A. Secretary for this section visited chapel one morning last week and gave us a very helpful talk. The purpose of his visit was to organize a Y. M. C. A. in Union College.

Mr. Bart Reid and Mr. Robert W. Cole were chapel visitors last Thursday, both speaking on "Thrift."

Milne Brown has recovered from the mumps and will be back at work soon.

Collie Franklin was in Winchester last week on business.

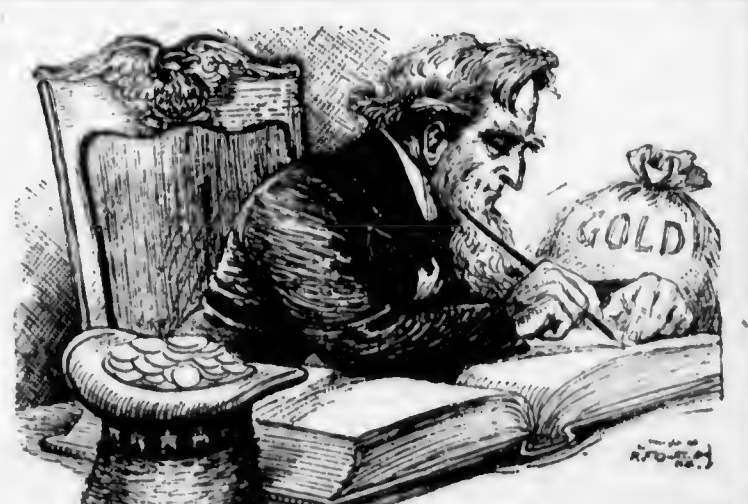

Miss Jettie Stratton spent the week end in Corbin.

Mr. Daugh Smith, one of our Academy seniors, went to Norton Intermittent Monday night where he will undergo an operation for appendicitis. Dr. Tye accompanied him. Daugh is one of our "pure gold" men and we are all wishing for him a speedy recovery and return to us.

Tuesday morning some of the members of the Board of Education which was holding its Annual Meeting in Harboursville, visited chapel. Each one had a funny speech in his system so President Franklin gave the chapel floor to them. At the close of chapel, Rev. Horrup, who is so full of patriotism for Union had the student body yelling themselves hoarse for everything and everybody on the campus.

Monday afternoon a game of basketball was played between the City High School and our second team, Union winning by a good score.

Watch the home "ads" in the Advocate and buy at home.

The National Bank of John A. Black

Have You Ever Been Able to Save? Try Putting Away A Quarter A Week

"I can't save" a young man said a few months ago.
"Have you really tried?" he was asked.
"Oh yes, but somehow I can't make any headway. I get a little ahead and then—oh well, it just slips thru my fingers" he confessed.
That is the way with many of us. But that young man is saving now. He is saving REGULARLY.
He tried this plan. It was hard, but he began by saving a quarter a week. Dees'nt sound big, does it?
But quarters make dollars. It was not the quarters which amounted to so much. It was the habit which was growing on him. Then he began increasing the amount. He has not raised it so much—just two dollars a week, but he is saving regularly and has already saved \$50.00.
\$1.00 will start an account.

We will borrow all the money you will save systematically just as this boy did, or the government will sell you War Savings Stamps for your savings, and there is no better investment.

Any items intended for publication

should reach this office not later
than Wednesday or we will be forced
to carry it over for the coming week.

HOW ABOUT IT?

Mr. Real Estate Man, Merchant,
Banker, Lawyer, Farmer, etcetera,
what about getting together and
starting a Knox County U. S. Farm
Loan Association? Let us try to de-
velop the and not sit and think or
just sit. Let The Advocate know
and we will publish a list of those
who favor the scheme. Someone
must make a move. Movement is
life, the lack of it decay.

MR. FARMER

We wish to call your attention to
the Shorthorn bull advertising of
M. B. Arbuckle, of Richmond, Ky.,
which also appears elsewhere in The
Advocate. Last spring he shipped
four good Shorthorns to Clay Coun-
ty and could not supply further de-
mand. Last fall a six weeks calf,
by his bull out of a scrub cow
brought \$26 at the butcher's. Six
months old calves out of mountain
cows are bringing \$50 to \$58. Jer-
seys produce good calves by these
bulls. Write Mr. Arbuckle at once
should you need a good bull.

PROCLAMATION

No greater problem can engage
our serious attention than that of
conserving the boy life of our State
and Nation; and there has never
been a time in our history when the
need of this conservation was more
apparent than today. Therefore, I,
Edwin P. Morrow, Governor of the
State of Kentucky, in the hope of
arousing the men of the State to a
sense of their responsibility toward
their own boys and the boys of their
community, and the further hope
of strengthening the ties that ought
to bind fathers and sons together
in good fellowship, do issue his pro-
clamation, and I request that the
week from February 16th to 22nd
be set apart as

FATHER AND SON WEEK

I earnestly urge that such special
observances as have been planned by
the churches, the Y. M. C. A., and
other organizations may receive the
patriotic support of all of our citi-
zens.

IN TESTIMONY WHEREOF, I
have hereunto subscribed my name
and caused the Great Seal of the
State of Kentucky to be affixed in
the City of Frankfort, this 22nd
day of December, in the year of our
Lord, one thousand nine hundred
and nineteen.

Edwin P. Morrow, Governor.

LUMBER

We will contract for 300,000 to
500,000 feet of Beech and Sugar
Tree lumber for Spring and Summer
cutting and delivery.

BETTER DISTRIBUTION

OF NATIONAL BANKS

The recent location of the
country's banking power, con-
centrated in a few large
cities, is vividly indicated in an
analysis which has just been com-
pleted relative to the geographical
location at this time of the country's
120 biggest National Banks. The
list includes all National Banks
whose resources on November 17,
1919, amounted to \$25,000,000 or
more.

The statement referred to also il-
lustrates the astounding growth
which has taken place in the coun-
try's banking power in the past
twenty years, or since 1900. On
September 7, 1900, there were 19
National banks in the United States
having resources of as much as \$1,
000,000 each; and of these 19 banks
14, or 74 per cent, were located in
New York City, one in Boston, one
in Philadelphia, two in Chicago and
one in St. Louis.

On November 17, 1919, there were
120 National Banks having re-
sources of more than \$25,000,000;
of these, twenty-five, or less than 21
per cent, as compared with 74 per
cent in 1900, were located in New
York State (all of the 74 per cent
in the latter year, being in New York
City); 17 of the biggest banks now
being in Pennsylvania; 9 in Cali-
fornia, 9 each in Illinois, New Jersey
and Texas; 6 in Virginia; 5 each in
Massachusetts, Minnesota and Ohio;
3 each in Colorado and Oregon; 2
each in Georgia, Indiana, Michigan,
Missouri, Nebraska, New York and
Washington; and 1 each in Alaska,
District of Columbia, Florida, Idaho,
Louisiana, Montana, Nevada, North
Dakota, Oklahoma, South Dakota,
Tennessee, Utah, Wisconsin and
Wyoming.

MEMORIAL SERVICES

John P. Shelby, Slater, and Mrs.
Mary Timbee, Emanuel.
George Powell and Nannie
Stauberry, Knox Fork.
James M. Lester and Amanda
Messer, DeWitt.

C. C. Smith, of the firm of Smith
and Riley, reports they are now
selling at the market price, 100
cords of the best hemlock, 100
cords of the best white pine, 100
cords of the best spruce, all at
reduced prices.

It Helps!

cent in 1900, were located in New
York State (all of the 74 per cent
in the latter year, being in New York
City); 17 of the biggest banks now
being in Pennsylvania; 9 in Cali-
fornia, 9 each in Illinois, New Jersey
and Texas; 6 in Virginia; 5 each in
Massachusetts, Minnesota and Ohio;
3 each in Colorado and Oregon; 2
each in Georgia, Indiana, Michigan,
Missouri, Nebraska, New York and
Washington; and 1 each in Alaska,
District of Columbia, Florida, Idaho,
Louisiana, Montana, Nevada, North
Dakota, Oklahoma, South Dakota,
Tennessee, Utah, Wisconsin and
Wyoming.

The statement referred to also il-
lustrates the astounding growth
which has taken place in the coun-
try's banking power in the past
twenty years, or since 1900. On
September 7, 1900, there were 19
National banks in the United States
having resources of as much as \$1,
000,000 each; and of these 19 banks
14, or 74 per cent, were located in
New York City, one in Boston, one
in Philadelphia, two in Chicago and
one in St. Louis.

On November 17, 1919, there were
120 National Banks having re-
sources of more than \$25,000,000;
of these, twenty-five, or less than 21
per cent, as compared with 74 per
cent in 1900, were located in New
York State (all of the 74 per cent
in the latter year, being in New York
City); 17 of the biggest banks now
being in Pennsylvania; 9 in Cali-
fornia, 9 each in Illinois, New Jersey
and Texas; 6 in Virginia; 5 each in

Dean G. M. Ryder is proving such a splendid revivalist at the M. E. Church that there is a movement on foot to extend the work to the Court House and the Church is looking for fifty good men to get behind the revival and push. There are surely that many righteous ones in Barbourville. Get behind your church and push or get in front and lead.

Mrs. Bowen Tells How Rats Almost Ruined Her House Down

"For two months I never went in our cellar, fearing a rat. One night in bed I smelled one. Sure enough the rat had been nibbling at the matches. If I hadn't acted promptly my house would have been burned. RAT-SNAP killed it. It's great stuff." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Wilson Bros and the Costello Drug Co. — Adv.

HEADING BACK APPLE TREE

Time to Begin Work When Tree Has Reached Height of 18 or 20 Feet, Which is Limit.

When an apple tree has reached a height of 18 or 20 feet it is time to begin heading back. This height is about the limit up to which good spraying can be done, and picking becomes more hazardous in trees allowed to exceed it. It is better to limit the height of the tree than to let it grow higher for a few years and then cut back. The cutting back should be made on wood three or four years old and just above strong internal branches which can supply sufficient leaf surface and bearing wood.

If old trees have been neglected and allowed to grow with little or no pruning for a number of years heading back can best be done by degrees, pruning back part of the top one year and completing the rest of the work the next.

FIRST FEEDING FOR CHICKS

Nothing Should Be Given for 48 Hours, Then Some Grit, Water and Boiled Egg.

Let the chicks go unfed for 48 hours, then give a little grit and some fresh water. Let the first feed be finely crumbled boiled egg, bread crumbs or some good and tested prepared chick feed. Don't moisten with water, but use a little sweet or buttermilk.

Feed scantily at first. It is all right, however, to feed often. For the next feedings a little fine grain, such as prepared oats, cracked wheat, etc., scattered in the litter will give a little needed exercise. If brood scrap is fed wait to give this until the little fellows are a week or ten days old.

PUREBREDS ARE IN DEMAND

Market is Expected to Be Materially Improved in Next Few Years, Breeders Believe.

The general feeling among the leading breeders of beef cattle is that the demand for purebred breeding animals will not only continue, but be materially improved for the next few years. This is based upon the extremely high prices being paid for market cattle, the desire—the necessity—to improve the herds of the country generally and the recent scarcity of good cattle.

SALESMEN WANTED—to solicit orders for lubricating oils, greases and paints. Salary or Commission. Address THE LENOX OIL AND PAINT CO., Cleveland, O. 11-21

PERSONAL MENTION

Friends of Charley Mills will regret to hear that he is suffering with some kind of hip trouble. He left Saturday for Louisville where he will take treatment at the Norton Infirmary.

W. M. Dishman, temporarily a resident of Columbia, South America, is now in New York on business connected with the Columbia oil fields. He was joined there by Dr. Ed Dishman and J. A. McDermott.

J. H. Shusher, the progressive merchant of Flat Lick, was here Monday with his charming family, all of whom were very busy sectioning fruit juices thru straws, following the excellent example of their dad.

Mr. Bradshaw, photographer, of Harlan, will open a studio in the former Lay Photographic Studio in the Parker Building, February 1st. He is a first class photographer and should do well in Barbourville.

Union College Girls Basketball Team was very much disappointed Tuesday afternoon when the Maryville, Tenn., girls team failed to materialize for the game. Perhaps they got cold feet.

The satisfactory eye work done by J. E. Brown, O. D. has led to a request by a number of people of London, Ky., that he visit that town from time to time so they may have the benefit of his skill.

Miss Trabue, of B. B. I., suffered a very painful accident while on her way home from sewing club Tuesday week, when she slipped and fell twisting her foot and loosening the ligaments from the bones in the ankle and foot.

R. R. Wheeler, prominent coal operator of Brush Creek, was here Monday to ride the Masonic camel over the burning sands. And the camel's all lumpy, and lumpy, and dumpy — any old shape's good enough for him.

Lost—Last Monday week, probably on Knox Street, from the watch pocket of A. J. Mitchell, Knox St. Harboursville, Ky., \$55, consisting of two twenty dollar bills, one ten and one five. If found, please return to Mr. Mitchell. Liberal reward.

The Barbourville Ice Company is giving its plant a general overhauling and repainting to be ready for the ice season. A. D. Smith says he wants to try to make up for the advance in manufacturing price by general efficiency at the plant.

Mrs. L. A. Campbell, of Indian Creek, who died Saturday the 24th, was interred in the Brown graveyard, Monday, January 26th, Rev. C. H. Peck conducting the funeral service. A husband and several children survive.

Among the visitors to the M. E. Quarterly Conference and the meeting of Union College Board of Education this week are Revs. J. M. Little, of Covington, W. W. Shepherd, of Wilmore, and E. R. Overly of Newport.

Little Miss Ruth Hawn, assisted by her sister Catherine Hope, entertained a few friends to a little dinner party on last Thursday in honor of their cousin from Oklahoma, Misses Virginia and Kate Sampson Caudill.

Fred Hemphill, who has been working as operator on the linotype of the Georgetown newspaper has accepted a position with the Somerset Commonwealth. He spent a few days with his family in Harboursville.

Miss Dorothy Decker entertained her cousins at a birthday party last week. The birthday cake was in evidence with two candles. Those present were, Miss Evelyn Black, Masters Richard Golden, Joe Edwards, Ben Edwards, Misses Gene and Dorothy Decker.

Mrs. R. H. Minton entertained Wednesday with an afternoon tea in honor of Mrs. W. S. Nicholson, of Etowah, Tenn. Those present were Mrs. W. S. Hudson, Mrs. Jas. Miles, Mrs. L. M. Cole, Mrs. Elbert Evans and Mrs. W. S. Nicholson.

Mrs. R. L. Candill and children left Wednesday for their home in Oklahoma after spending a month here at the old home. Mr. F. R. Barner has joined his daughter in making this trip west for his first visit to Oklahoma. He said if he had money enough he might buy a farm before he returned.

Last week the newest son of Mr. and Mrs. J. Frank Hawn, who has all the charm of his mother and the pleasing smile of his father, took Mrs. J. R. Murphy and Miss Anna Stewart out for an auto ride. However, he permitted Mrs. Murphy to do the steering, Miss Anna to tell him "what a lovely sing he was," while he gurgled. The way the woman spoil a feller is awful.

W. N. Epperson, of Glider has 20 head of Southern sheep which are doing splendidly. Mr. Epperson says sheep do fine in this section and pay well. He says sheep make the best paying stock on the farm and lands a regular sale for them and for the wool. We need more sheep in Knox County.

The tide caused by the excessive rains last week was not as high as last year, but has contributed to the excitement of the city by the moving of stock elevators. It has been necessary to use boats in various sections. The water was high enough to cover the garden at the back of The Advocate office.

J. W. Tatum, the popular Remington Typewriter agent, has been appointed to take of the Knoxville office and territory. This is a deserved promotion as Mr. Tatum is one of those cheerily, tenacious fellows who stays with a prospect until he lands him. Mr. Lamond will take charge of this territory.

Mrs. G. M. Richards kept open house Monday evening for a few friends who brought their sewing and spent a couple of delightful hours visiting and partaking of plum pudding and coffee. Those present were Miss Fields, Miss Hawkins, Mrs. W. B. Minton, Mrs. Fred Brannan, Mr. and Mrs. J. M. Tusley and Mr. and Mrs. Richards.

Bart S. Reid was taken ill the end of last week with a severe cold and on this account, he was unable to carry out his advertised program for a Thrift meeting Friday night. However he did some good work among Harboursville school and college students during the week and started a Thrift essay campaign among the children of the County. We have to hand it to Mr. Reid that he is a hustler and knows how to go to work for results.

PUZZLING DISCOVERY

SEATTLE Wash., Jan. 15.—Alfred M. Hubbard, 19-year-old Seattle boy, has done one of two things: Either he has successfully captured the electrical power of the universe in an easily carried twelve pound apparatus not based on any known form of generator—revolutionizing the world's machinery and turning civilization upside down—

Or he has constructed a mechanical work that baffles the guessing abilities of the cities foremost electricians.

Hubbard's invention, which he insists is an actual "atmospheric generator," with no known power about it, was taken miles away from his home laboratory. With a group of expert electricians observing the test an ordinary electric lighting globe was attached to the wire terminals.

The light glowed cherry red for a good hour. Hubbard offered to lengthen the test as many hours as anyone required, by way of proving it wasn't a storage battery, but was making its own electricity minute by minute. His own claim is that the instrument will continue to produce electrical current indefinitely, or until the insulation rots from the wires.

Owing to the incomplete state of the patent, Hubbard refused to permit an examination of the internal workings of the device.

If Hubbard has done what he claims, with a machine weighing only twelve pounds, he has done these things too:

He has "scrapped" every gas and steam engine in the world.

He has put every big power corporation out of business by enabling every home to light and heat itself.

He has put every farm on a self running basis at no cost whatever for the power.

He has perpetuated the energy supply of every manufacturing plant, railroad, steamship, constructive works in the world.

He has rendered fuel useless putting coal mines and oil wells out of business at one stroke.

If an instrument half a foot long produces enough power to make a bulb glow, then one eighteen feet long will drive the world's largest steamship. Automobiles will speed along with engines smaller and lighter than the present ones, getting their power from the air as it rushes by.

That is—if the instrument is a real "atmospheric generator."

Quick Cure for Croup.

Watch for the first symptom, hoarseness, and give Chamberlain's Cough Remedy at once. It is prompt and effectual. — Adv.

FATHER AND SON WEEK

Thousands of towns, both small and large, in the United States will touch one of the vital spots both in the boy life and the home life of the community by the observance of "Father and Son Week," the distinctive feature of this week's program being a "feed" where the boys find his own atmosphere but, to his delight and amazement, it will include the presence of his dad.

Early in the nineties the Y. M. C. A. movement originated this scheme of bringing out the value of chumship of the father with his boy by merely using the power of fellowship that is generated at a banquet. It has worked so well so many times since then that it is now made the subject of an annual State Protection by the Governor.

Last year there were more than seven thousand fathers and sons who sat down together at a community event of this kind in Kentucky. In many places the Sunday after following was used by parents to preach sermons to the boys and the men, giving a spiritual emphasis to the fellowship. It is planned that there will be as many as ten thousand boys and fathers meet together with in this week this year.

HAS WILLIAMSBURG FOUND THE SAME?

The Answer is Found in the Straight Forward Statement of a Williamsburg Resident.

We have been reading week after week in the local press of Barbourville citizens who have been rid of the passing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether it is to be found in our neighboring town. The frank and earnest statement by a well-known and respected citizen of Williamsburg will set this doubt at rest.

Mr. W. A. Martin, plumber, River St., Williamsburg, Va., says: "My kidneys were too free and they ached terribly. I suffered from a sore back and dull ache across my back and Doan's Kidney Pills, and they cured me. The ache in my back and my kidneys is gone."

Doan's Kidney Pills don't simply ask for a trial or remedy, but Doan's Kidney Pills, the same fellowship. It is planned that there will be as many as ten thousand boys and fathers meet together with in this week this year.

B. B. I. NOTES

Mr. Bryan Snider has been elected a teacher in the B. B. I.

Several new pupils enrolled for the second month of school.

Miss Trabue is suffering from a badly sprained ankle.

The students met and organized a Literary Society Tuesday night with Clarence Davis, president, J. Lager, secretary, Joe West, chairman and the vice members, present.

The Ten Cent Book was a great success, a good crowd attended, they had a real home town feel. Athletic Association raised \$2.50.

NOTICE

TERRIFYING DISCOMFORTS FROM SKIN DISEASES

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery, burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. Skin diseases come from a disordered condition of the blood, and search far and near,

you cannot find a blood remedy that approaches S. S. S. for real efficiency. S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all disorders for which it is recommended. If you want prompt relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. 44, Atlanta, Ga.

I have installed an up-to-date X-Ray Machine for the examination of teeth which may be causing Rheumatism, Heart Trouble, etc. A. L. Parker, Dentist, Harboursville, Kentucky. 10

Mrs. Carrie Dickinson left Friday for Cincinnati to visit her two daughters, Mesdames L. A. Lentz and Robert Asher. Mrs. Dickinson may also visit her daughter, Mrs. O. C. McClung later at Butler, Pa.

Union lost to Maryville, Tenn. last Friday by a score of 26 to 32. The boys put up a rattling good game and since the victory had won from State and Center, the showing of Union was excellent.

Ex-Service Men—Don't let your insurance expire. Get in touch with the War Risk Insurance, Washington, D. C. and learn the latest on the subject.

For Rent—Nicely furnished room. Mrs. E. V. Bargo, next door to Boys Dormitory, Baptist Institute, 12-2p.

A TEXAS WONDER For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. It is sold by your druggist, well known by mail on receipt of \$1.25. One small bottle, often cures. Send for sworn testimonials. Dr. E. W. Hall, 2426 Olive St., St. Louis, Mo. Sold by druggists. —Adv. 48-52t

Miss Laura Hayes, whose confections in chic clothing and hats are the delight of our Harboursville ladies leaves Sunday night for Louisville and Cincinnati to buy her spring millinery.

Sawyer M. Smith, who has been working first trick as operator for the L. & N. at Chad, has been transferred to Harboursville, his old home, where he will have third trick.

Dr. Pick, of Knoxville, Tenn., and Dr. Anderson, of Manchester, were here visiting Mr. Toulmin Garrard over the week end, Mr. Garrard having been seriously ill.

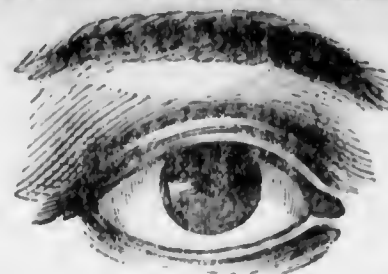

Charlie Burnett, who is being raised by Rev. W. N. Epperson, of Girdler, and Mr. Epperson's little grand daughter, Edith Steward, are both recovering nicely following an attack of pneumonia.

T. H. Hayden, of the genial Irish smile, was here from Artemus Monday, drinking the palate pleasing drinks of today, ably assisted therein by his son-in-law Guy L. Dickinson, and other friends.

Rev. C. P. Miller, of Warren, who was hurt in the mines some weeks ago, is able to move the fingers of his hand which, with the arm, was badly smashed up, and hopes in time to have fair use of it.

Mr. and Mrs. George M. Jackson of Cannon, Ky., have purchased the beautiful residence of H. H. Owens, in Hi-Land Park, and will soon remove to this place to make their future home.

The many friends here of Judge and Mrs. F. D. Sampson have received announcements of the marriage of their daughter, Pauline Steele, to Mr. Richard Earl Gerrish at Miami, Florida, January 16th.

Trying to Test

your own eyes with ready-made glasses is no way to help troubled eyesight. A person may pick up a pair of glasses that to them seem O. K. for reading purposes, but if they have that condition known to the profession as Astigmatism, they may be unconsciously doing themselves a personal injury. It has been said that "Seeing is Believing", therefore, it follows that if you want to "Believe Right" you must "See Right." Good Eyesight and Perfect Vision are among life's most treasured Blessings, and those who do not enjoy this in its fullness are in great need of professional attention. Let me examine your eyes scientifically and prescribe the necessary lenses if needed, or advise you what should be done.

OIL LEASES

The Mountain Advocate has oil lease blanks on hand. Can be supplied in any quantity.

Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3, 30x3 1/2, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same type and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3 1/2 Goodyear Double-Cure \$20.00
Fabric, All-Weather Tread
30x3 1/2 Goodyear Single-Cure \$17.65
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag. — \$3.90

MANY PEOPLE REPORT BIG GAINS IN WEIGHT

THOUSANDS OF THIN, FRAIL
PEOPLE RESTORED TO
HEALTH BY TANLAC

MANY REMARKABLE EXPERIENCES TOLD

People in all Banks of Life Tell
What Celebrated Medicine Has
Done for Them.

ONE of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross Street, Little Rock, Ark., whose statement appears below:

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—could not move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913 and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

Texas Man Testifies.

Another remarkable case was that of Mr. John M. Crabtree, a general merchant of Five Mile Station A., Dallas, Texas:

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree. "I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac, I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact. I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds.

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

NEW BEEHIVE FACTORY

Are you a bee-keeper? Then you will be interested in the fact that J. W. Jordan has started a beehive factory near the depot. He has everything in the engine and that is on the way. When it arrives work will begin at once.

Mr. Jordan will make hives, raise queen bees and handle bee supplies. Later on he will ship honey.

His son, V. A. Jordan, is a bee fancier also and, as such, grew that great bee pleasing and honey furnishing plant known as sweet clover on his place last year. He brought some to town last year, the shortest stalks of which measured twelve and one-half feet, there being seven stalks on one stool. This was on

MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND
TOLD OPERATION WOULD
BE HER ONLY HOPE

"I HAVE just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 550 Mill Street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for awhile. The next day as I returned from the consultation room, I thought of what she had said, and as I had heard so much about Tanlac, I decided to try it and got a bottle.

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

Old-Timer Engineer Talks

Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-five years.

"I have gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are: Mrs. E. O. Wilson, of 195 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Julietta, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 108 Saunder Ave., Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 508 W. Charleston St., Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 25 pounds; W. S. Hukill, 7203 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Bardett St., Omaha, N. H., who gained 35 pounds; Fred W. Saunders, 710 Market St., San Francisco, Cal., who gained 24 pounds and many other too numerous to mention.

Tanlac is sold in Barbourville by Herndon & Payne. Adv.

poor ground, three years new ground. He says, and he knows what he is talking about for he has raised it, that while our land lacks lime, yet abundant sweet clover, good for bees and beasts, can be raised here in-oculated as follows:—Get carpenter's glue, add two-thirds sugar, hot water till thoroughly dissolved, and use enough of the mixture to wet every seed which is required to sow each acre. The seed is then dried and where possible, a cyclone seeder is used to broadcast it.

Why not get some seed and try it? Get a few hives and raise bees. They are the busiest workers on a farm and give an excellent financial account of themselves.

We welcome the new factory. Watch Knox County grow!

EARL MAYHEW IS BUSY

General Outline For Work Of Agent
Of Clay County.

1.—To organize a County Agricultural Board consisting of from 12 to 20 members of the most influential and progressive citizens of the county. This board to direct the work and co-operate in carrying out the program. The board is to meet once a month and hear the monthly report of the County Agent and make plans to further carry out the general program.

2.—To organize at least 20 Junior Agricultural Clubs. Each club to elect its own leader, president and secretary. When this has been done the University of Kentucky will grant the club a charter and commission the leader. Along with the Junior Agricultural Clubs as many Community Clubs as possible will be organized. The purpose of the Community Club is primarily the development of the agriculture of a community, but it may work along any line that is for the betterment of the community. Club members have already been enrolled for these 20 organizations.

3.—To promote the organization of a County Farm Bureau. The purpose of this Bureau is to develop the agriculture of the county and to put it on a more profitable basis.

4.—To carry on a Better Sires—Better Livestock campaign. This is in line with the National Better Sires Better Livestock campaign, the purpose of which is to improve the live stock of the country by the use of better Pure Bred sires. At the present time there is little pure bred stock of the better class in this county. This campaign will induce farmers to use good pure sires to grade up and improve their stock.

5.—To put on a Home Improvement campaign. An effort will be made to reach every home in the county and try to make it a more beautiful and comfortable place to live in. This is to be carried out largely thru the schools.

6.—To push the Poultry Standardization work. Poultry raising is one of the most important farm enterprises of this county. Instruction will be given on better feeding, housing, culling and marketing methods of chickens, geese, turkeys and ducks. An infertile egg demonstration will be held for the country merchant at the end of the hatching season to teach them how to save the market eggs. Culling the Shuck-er hen demonstrations will be held in the summer.

7.—To direct three tankage feeding demonstrations in the county to get the farmers to supplement corn with tankage.

8.—To get farmers to grow more tobacco. Tobacco is an important cash crop for Clay County. The farmers will be taught better methods of handling it. A Tobacco Grading demonstration will be held early in the fall.

9.—To conduct the following contests in co-operation with the County Superintendent of Schools:—

A.—1000 bushel corn contest among the Corn Club boys. 10 boys growing an acre each, in competition with any 10 club boys of other communities of the county. \$25.00 in gold to go to the community that wins.

B.—Ton of pork contest among the Pig Club members, the boys of one community competing with the boys of all the other communities.

A Kentucky Woman's Testimony

Lexington, Ky.—"Dr. Pierce's Anuric Tablets I consider the most reliable medicine one can take for bladder weakness or kidney ailments. I had been suffering with bladder weakness and disordered kidneys. I would have to get up several times during the night to relieve myself. I also had severe pains across my kidneys. I saw 'Anuric' (anti-uric acid) advertised and decided to try it. The results have been very satisfactory to me. My bladder trouble has left me. I can sleep all night without getting up, my kidneys have become active and normal and are able to throw off the poisonous matter in the proper way."—MRS. MARY SIMMS, 210 York St.

"Anuric" is bound to give immediate results as it is many times more potent than other remedies in ridding the impure blood of its poisonous by-products of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will remove such conditions as rheumatism, dropped eyelids, cold extremities, swelling and burning urine and sleeplessness due to constant arising from bed at night.

If you wish to give "Anuric" a trial send Dr. Pierce's Invaluable Hotel, Buffalo, N. Y., ten cents for a trial package, also write for free confidential medical advice.

Suffered from Kidneys

Flomingsburg, Ky.—"I find I can give as honest testimony as to the value of Dr. Pierce's Anuric Tablets. They are all that is claimed for them in every way. I was a sufferer from kidney trouble for three years and 'Anuric' (anti-uric acid) cured me, so I know just what it is. I cannot say enough for this medicine. I will answer all who write to me."—ED. PORTER, Box 140, Route 3.

"Anuric" is bound to give immediate results as it is many times more potent than other remedies in ridding the impure blood of its poisonous by-products of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric for kidneys or backache. ADDRESS:
P. O. Box 555 Louisville, Ky.

No pig to be more than 12 months old at time killed. 10 boys and 10 pigs of a community to make the community eligible. \$25.00 in gold to go to the winning community.

C.—Community contest, to be put on in co-operation with the county superintendent and teachers. \$25 in gold to go to the winning community of each of the four school divisions.

Plan of contest:—
I.—Organization, 20 points.
II.—Attendance 20 points.
III.—Finance 20 points.
IV.—Improvements 20 points.
V.—Records 20 points.

ARTEMUS NEWS

We have had lots of water here for the past two weeks.

Sol Messer, of Four Mile is moving here this week.

Judge T. G. Hammons, from Turkey Creek, stopped here Tuesday on his way to Harcourville.

Anderson Merida is moving to Rich Martin's farm this week.

Dr. E. B. Burton, of Harcourville, was here Tuesday.

John Mills visited Judge T. G. Hammons at Turkey Creek Sunday.

Born to Mr. and Mrs. John Hollifield, January 25, a fine girl.

Sawyer A. Mills, of Hammons was here Saturday.

E. E. Hammons was called to Hm-yar Saturday for the purpose of operating a few days.

Mat Powers has sold his property to St. Jones and Cole Williams who will run a big wholesale house here. Good success!

Mrs. Ballinger Miller, who has been very ill was taken to Louisville for an operation.

Charles Moses Jackson is moving back to Artemus this week from St. Charles, Va.

Julia Collingworth is still on the sick-list.

C. Howard was in Harcourville Wednesday.

Send the Mountain Advocate to your friends who are away from Harcourville. They will appreciate it.

Shoulders All Baking Cares

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits—cakes—anything without fear of uncertainty. Calumet makes you forget failure.

CALUMET BAKING POWDER

Is the most popular because it does give most perfect results. It has the biggest demand because it is the most dependable. The fact that it is the best seller proves that it is the best. A trial will convince you that there is none "just as good." Buy a can—if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

R. R. 1. Richmond, Ky.

Indiana Farm Bargains
Clark, Scott and Washington counties, offer unusual opportunities to the farm buyer. Highly improved, productive farms on good roads near schools and churches, and all in wagon haul distance from Louisville, can be bought from us at attractive prices.
We have just what you want. Any size from 10 to 450 acres, at prices that can't be duplicated anywhere else in the United States when location, improvements and productivity are considered.
To reach Henryville from Louisville, take I. & L. Street car from their station on Third Street, near Walnut. From and let us show you some real bargains in grain, stock and tobacco farms.
HOSTETTLER & FRANCIS, Henryville, Indiana.
